

# The FranConnect Franchise Management System is a complete **soups to nuts** solution for managing *every aspect* of your franchise operations. And much more!

- ▶ **FranConnect is the most comprehensive system available in franchising!**  
Avoids investment in multiple technologies, software, systems and solutions! Provides a single interface for managing your franchise operations.
- ▶ **FranConnect is web-based and extremely easy to use!**  
From your front desk staff to your most non-technical franchisees, FranConnect can be easily used with a simple web browser and few mouse clicks !
- ▶ **FranConnect requires no hardware or software investment and no programming.**  
It takes care of most of your needs out of the box and with a few clicks!
- ▶ **FranConnect immediately cuts your costs**  
No more paper manuals, no expensive postage and printing costs, no expensive software or servers to buy, no more waiting for the royalty check to arrive, significant reduction of legal and compliance costs, reduced franchise support costs!
- ▶ **Franchisees love FranConnect!**  
It gives them tools to share ideas, learn from each other, get instant support, manage their customers and business better, and easily market products and services to their customers!
